

# Lovepatch Adopt for A Month! A Horse Month!

This is the perfect opportunity for children and families to help Lovepatch Farms "*Feed the Horses*" and learn about miniature horses at the same time!

An "*Adoption Fee*" of \$50 per month allows us to purchase your "adopted" horse's food and bedding for the entire month.

Your child or family's one month sponsorship includes:

- Having their picture taken with their special "adopted" horse. If you like, your child's photo can be added to the Lovepatch Farms website for all your friends and relatives to see.
- Weekly email updates about their very special horse
- A pre-scheduled weekend visit with "their" horse when your child can learn to feed, clean and groom their special horse
- Adoption visits will begin promptly at 1 PM on designated Saturdays & Sundays, weather permitting.

Horses may be "adopted" by more than one child or family during the month, but we will always try our best to schedule a time when each child will have their special time with their adopted horse. Please plan to spend quality time with your child while at Lovepatch Farm as all children must be supervised by a parent. Please visit the Lovepatch Farms website at: <http://www.lovepatchfarms.com/html/adopt.html> to download your Adoption Form today!
